Summary

So Kyle Lowry is an efficient player, a great shot creator, and great with intangibles.

There are 2 more stats that show Kyle's impact: WAR and RAPTOR.

Wins above Replacement (WAR) estimates the total wins a player contributes to his team, compared to the average..

Robust Algorithm (using) Player Tracking (and) On/Off Ratings, or RAPTOR, measures how many points a player contributes to their team's offense and defense, relative to the average player.

From 2014-2020, Kyle Lowry was 12th in overall RAPTOR, and 9th in WAR. Pretty good company!
